

James Cranham

Junior Web Developer

Contact: Sheffield | jimmycranham@gmail.com | LinkedIn <https://www.linkedin.com/in/jamescee/>

Portfolio: <https://jimbocee.github.io/portfolioSite/>

Personable and tech-orientated marketing graduate. As part of a Web Development Bootcamp, I gained hard programming skills as well as my soft skills and working within an Agile team. I am a creative problem-solver, passionate about the user journey. Adaptable and resilient, I was commended for user and client focused presentations. Excited to seek a Junior Developer role, with ambitions to further specialize in user experience and UX/UI.

Skills

Technical Skills: MERN Stack HTML5, CSS, JavaScript, React.js, Node, MongoDB, Git/GitHub, Basic PHP

Soft Skills: Marketing, Storytelling, Presentations to Clients, Reports, Agile Team Methodologies, Problem Solving
